# Contour Express Series™

Contour Express Series™ offers faster lead times than Contour Series™ and Contour Reveal™! Contour Express panels give you various design options for siding and soffit applications. Whether you are looking for clean consistent lines or want to mix and match different profiles, either option will give your building a lifetime of elegance.

## KEY FEATURES of Contour Express Series™

8", 12" and 16" panel coverages

24 and 22 Tru-Gauge™ and .032" Aluminum Screw Flange and Clip attachment available (screw flange available at an additional cost)

7/8" deep panel

2' to 20'10" panel lengths

Custom profiles available

Vertical or Horizontal wall application

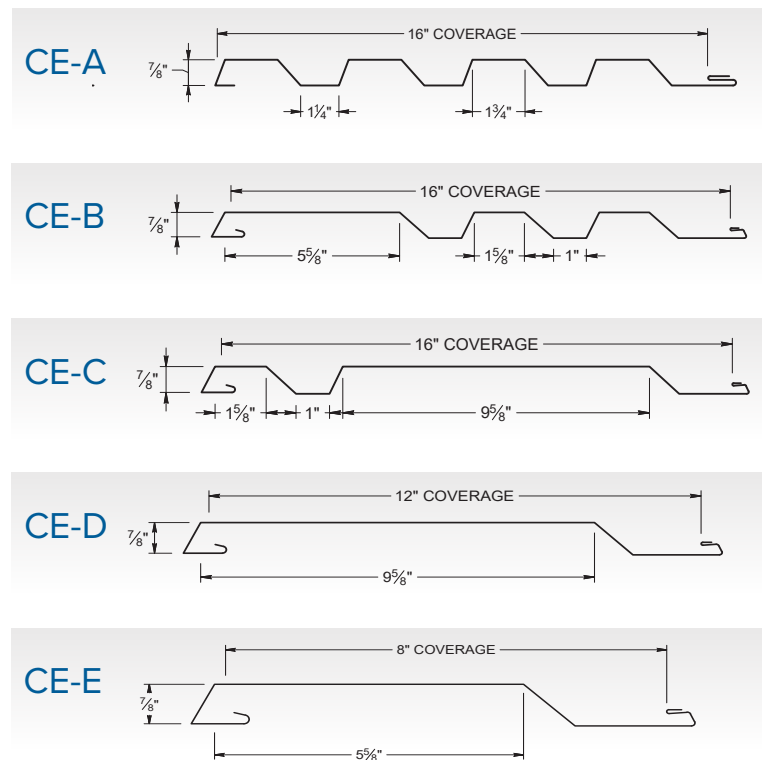

Acceptable for use as a soffit panel

Interchangeable panel widths and configurations

Perforated options available (please inquire)

ASTM E283, ASTM E331, ASTM E1680, ASTM E1646, ASTM E1592, ASTM A653/A924, ASTM A792 and ASTM B209

Manufactured in Salem OR

### High Performance Standoff Clip

### Standard Clip

High Performance Standoff Clips are used when ventilation is required or when using 18 and 20 gauge

Standard Clips are used when flush mounting is required

CE-A w/ clip flange

CE-B w/ screw flange

# Contour Classic Series™

Contour Series™ gives you the custom look you want within your budget. If one of our standard profiles does not match your design requirements, no problem, TMP will fabricate the profile that matches your projects needs – not ours. Contact us so we can help fulfill your vision of the perfect look.
